

# Curriculum Vitae - Erez Levanon

The Mina & Everard Goodman Faculty of Life Sciences

Bar-Ilan University, Israel  
Erez.levanon@biu.ac.il

---

## Education

From-To	Institute	Advisor and Thesis Title	Degree
2004-2006 (awarded on 6/2007)	Tel Aviv University	Prof. Gideon Rechavi; Identification and analysis of RNA editing sites in the human genome	PhD ( <i>with distinction</i> )
1996-2003 (awarded on 2004)	Tel Aviv University	Prof. Yosef Shiloh; Functional Analysis of the ATM Protein Using Cross Talk Between Bioinformatics and Experimental Data  Member in the Adi Lautman Interdisciplinary Program for Outstanding Students - M.Sc. Direct Program	MSc ( <i>M.Sc direct program</i> )

## Positions Held

From-To	Institute	Research Area	Title
2015-present	The Mina & Everard Faculty of Life Sciences, Bar-Ilan University Ramat Gan, Israel	Genomics; RNA and DNA editing, Retroelements	Associate Professor
2009-2015	The Mina & Everard Faculty of Life Sciences, Bar-Ilan University Ramat Gan, Israel	Genomics; RNA and DNA editing, Retroelements	Senior Lecturer
2006-2009	Department of Genetics, Harvard Medical School (with Prof. George Church)	Genomics technologies, Next generation sequencing, RNA editing	Postdoctoral fellow
1997-2006	Compugen LTD, Israel	Bioinformatics. Drug discovery.	Senior scientist

## Prizes and Awards

Date	Honors
2015	Minerva ARCHES Award
2015	Taubenblatt Prize
2015	Teva Founders Award for Outstanding ISF Application of Young Scientists in Life Sciences
2012	ERC-StG Recipient
2012	Krill Prize, the Wolf Foundation
2011	Alon Fellowship
2007	Machiah Fellowship for post-doctoral study, Machiah Foundation
2006	Rothschild Postdoctoral Fellowship, Yad Hanadiv Foundation
2006	Fulbright foundation post-doctoral fellowship
2005	Horowitz Centre for complexity science Ph.D. Scholarship (Decline)
2005	The Clore Israel Scholarship for Outstanding scholars
1997	De-Shalit foundation award, Weizmann Institute of Science
1996	The Adi Lautman Interdisciplinary Program for Outstanding Students, Tel-Aviv Univ.
